**Mid-week Study: Read Genesis 3:20-24**

After the pronouncement of the curse why do you think Adam names his wife Eve, meaning life giver, when she had not yet had a child?

What does this reveal about Adam's faith in God? Refer to **Genesis 3:15**.

Why did God need to make Adam and Eve's clothing? Answer this from a physical and a spiritual perspective.

Describe the process needed to "make" clothing for Adam and Eve. How does this connect to future passages such as **Leviticus 9:3-4** or **1 Peter 1:18-20**?

What are some things people try to use as sufficient "clothing" before God? In other words, what do people try to rely on to get into heaven other than a relationship with Jesus?

Why did God need to drive Adam and Eve from the Garden?

Is it possible that God would drive us from something good to bring us to something great? Explain your answer.

Today you are either standing before God in the fig leaves of your own good works, in which case you are under sin's full curse if you should die; or, you have come to Christ, the Lamb of God, and have allowed Him to cover your sin with His shed blood. Along with the curse, God provides the covering. Make sure you're under God's merciful covering! - Bible.org
